MISS PADULA'S 5TH GRADE CLASSROOM

ABOUT ME!

I am originally from Cuyahoga Falls Ohio. I went to Woodridge High school, where I played varsity soccer for 4 years and varsity track for 1 year. I recently graduated from Thiel College in Greenville PA, earning a bachelor's degree in early childhood and special education. At Thiel I was very involved playing soccer and in greek life. I love being outside, traveling, and exploring different national parks with my friends and family.

Parent Resources

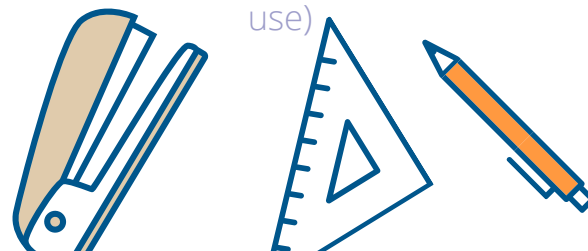

Online schooling can be hard. We are here to help! Below are some resources we will be using.

Google Classroom: This will be where all your students assignments will be posted. There will be a section for grades as well.

Kami: Kami is a google add on. We will be using this for any papers that students will be filling out to turn in.

Google Meets: This will where the students will log onto to meet for class.

(I will be sending emails to everyone on how to log on and use all of the resources we will use)

ONLINE LEARNING TIPS

- 1. Focus on Key Skills:** Focus on your students progress. Making a small progress chart can help.
- 2. Keep a Routine:** Create a daily schedule that involves fun stress free activities during recess.
- 3. Turn Off the News and Talk:** Limiting the news, which can be scary for younger students, remind them they are safe and we will get back to normal soon.
- 4. Stay Connected:** Stay in touch with teachers and parent friends. We are all in this together.
- 5. Enjoy Family Time:** During these stressful times it is a great opportunity to spent time with family and make memories.
